Internships

Web Development intern, A-NEWS Ltd. Jun-Jul'13

Worked on the frontend development of a new portal using REACT-JS & Tailwind-CSS framework. I wrote a crawler that would parse through a pre-defined set of web pages (~1 Mn pages a day) and insert relevant data in desired format in the frontend development.

Received **The Best Intern award** (among 5 interns) from the CEO of the organization.

Academic Projects

OCHI-website (Clone) Aug-Dec'12

As part of 4th semester I contributed my work on Github and many more contributions but the outstanding react front end project is my OCHI website in which I learned about more Three-Fiber and about framer motion to give a smooth scrolling effect and webpage smoothness.
